SUMMARY

Accomplished Front-End Developer with over 1.5 years of experience in crafting engaging, client-facing components for web applications. Expert in JavaScript, HTML, CSS, Bootstrap, Material UI, tailwind CSS and React.js, I excel at designing responsive and visually captivating user interfaces that enhance the overall user experience. With a collaborative mindset, I work closely with designers and backend developers to ensure seamless integration of frontend and backend systems. My meticulous attention to detail and strong problem-solving skills drive the success of development teams.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap, Javascript, API Integration
Libraries/Frameworks: React JS, Redux / Redux Toolkit, Axios, React Router, MUI, Typescript
Tools: Github. Postman Figma, Trello
